EPIGRAMMA IOHANnis Alberti. H.

Grata vetuſtatis longę monumenta referre,
  Cura eſt Ingenijs non aliena bonis.
Poſteritas etenim maiorum laude mouetur,
  Gaudet dum priſci temporis acta videt.
Hinc eſt quod varijs operoſa ſepulchra figuris
  In multis pateant, Conſpiciunda locis,
Scilicet vt meritis aliqui tribuantur honores,
  Atq; habeant laudes funera meſta ſuas
Hoc veteres ſtudio motos μνημεῖα fatentur,
  Quę nunc Oebalio marmore culta nitent.
Naſonis largo Tomitani funera fletu
  Plangentes, tumulum conſtituere nouum,
Exilio quamuis damnatus cęſaris ira,
  Hic tamen ingenio eſt conciliatus honos
Sic Ciceronis habet cineres nemoroſa zacynthos
  Quem patrię dixit libera Roma patrem.
Doctrinę laudem cum vita excidere ferrum
  Non poterat, ſed adhuc inuiolata manet,
Quiſquis amas igitur tumuli cognoſcere formam
  Atq; elegans veteris noſcere gentis opus,
Inſpice preclara poſuit quę Balthaſar arte,
  Perſpecta auſpicijs vtilitatē faue.
